

VOROKLINI IS NOW INCLUDED IN THE RECYCLING OF PACKAGING PROGRAMME

EVERY TUESDAY MORNING from 06:00 a.m.

Starting 14th of September 2021 Voroklini Community enters the Green Dot Recycling Programme from door to door.

The categories in which we separate our products are as follows: PMD, Paper and Glass. For the PMD and Paper categories, items must be placed in transparent and brown bin bags respectively before being placed on the pavement outside your residence for collection from our crew. The collection will be made every Tuesday morning. Glass will be collected from the designated bottle banks (bell-shaped), which have been placed in central areas of the community.

DESCRIPTION OF RECYCLING PROGRAMME

PMD and **Paper** are collected from door to door from the pavement of your residence once a week providing the packages are placed correctly in transparent and brown bin bags. Both types of bags can be purchased from supermarkets.

If you live in an apartment building and there is a blue Green Dot bin outside your building, then **place into it PMD category items only**.

Paper may also be tied together into a ream or placed into large cardboard boxes.

Glass is not collected from your house, therefore, please dispose of your glass bottles and jars in the designated green bottle banks that are located in central areas of the community where they are easily accessible to everyone.

DO NOT FORGET

Please place your recyclables on the pavement outside your residence every **Monday night**.
